

ECAS Membership Application

Please fill out this form either on line or downloaded and send to the address given.

Thank you.

Please join East Cascades Audubon to keep our local activities alive. ECAS is an independent local chapter of the National Audubon Society. This means that all National Audubon members with Central Oregon zip codes are automatically members -- but dues to National Audubon do not support our wide range of field trips, meetings, research, and other activities. To support these local activities, PLEASE JOIN US!

East Cascades Audubon will not release your personal information to other organizations, including National Audubon. We will use it only for East Cascades Audubon communications,
